Gila Cabinets & Stone Center Spec Book

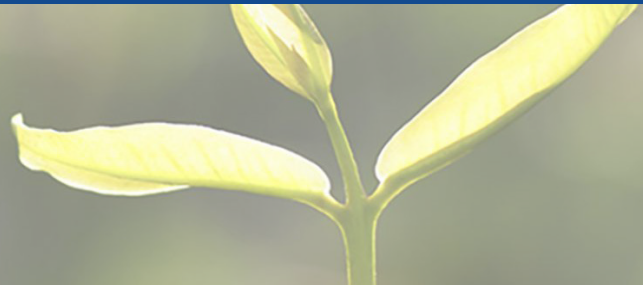

G I L A  
C A B I N E T & S T O N E

1. 3/4" x 3/4" solid wood face frame
2. 1/2" plywood core that is dadoed into the face frame
3. Adjustable hinge with soft close
4. 1/4" plywood panel dadoed, nailed, and glued into end panels
5. 3/4" thick plywood; adjustable shelves
6. Standard drawer box is constructed with 5/8" solid wood sides, front, and back that are assembled with dovetail joinery.
7. 3" wide 1/2" thick plywood that is nailed and glued securely at top and bottom of cabinet.
8. Full extension soft close drawer slides
9. 4 1/2" high by 3" deep (finished depth)

Gila cabinets collection features dimensions that adhere to 3" increments, offering a range of 9" to 36" in width for both regular Base Cabinets and Wall Cabinets. Height and depth usually come in standard (and unlisted) sizes. Other non-standard or special dimensions are either fully listed or unspecified.

CARE FOR OUR PLANET

# Protect our Environment

At Gila Cabinet and Stone Center, we believe in promoting sustainability and offering environmentally-friendly products. Choosing solid wood for cabinet faces is a great way to reduce our impact on the environment and serve our commitment to providing healthy and eco-friendly options for our customers.

Based on the environmental characteristics of solid wood and MDF, using solid wood for cabinet faces is generally considered a better choice for the environment than MDF doors. Solid wood is a natural and renewable resource that can be sustainably harvested, It is also biodegradable and can be recycled. MDF, on the other hand, is made from recycled wood fibers and resin. It can emit formaldehyde and other volatile organic compounds (VOCs) that can be harmful to human health and the environment.

We prioritize the use of solid wood from responsibly managed forests whenever possible, and we take steps to minimize our environmental impact throughout our operations. We are committed to continuously improving our sustainability practices and offering products that align with our values. Thank you for joining us on this journey towards a more sustainable future.
